

## USED OIL CERTIFICATION

This document certifies that the used oil generated by:

Generator Name:

Address:

Profile No.

Facility:

OFF Spec.       ON Spec.

Has been evaluated under the appropriate Used Oil Regulations which allows it to be managed as a used oil based on the following information:

A. The Halogens present at > 1000 ppm have been identified using the following methods:

- 1) The used oil does not contain significant concentrations of halogenated hazardous constituents listed in Appendix VIII of Part 261. This used oil has not been mixed with listed hazardous waste.
- 2) Analytical Data: The attached analysis demonstrates that the used oil does not contain concentrations of halogenated hazardous constituents listed in Appendix VIII of CFR Part 261.
- 3) The halogens present are from metalworking oils containing chlorinated paraffins or used refrigeration compressor oils containing chlorinated fluorocarbons which are exempt from the rebuttable presumption.
- 4) There are no halogens present in this used oil stream.

B. The Flashpoint present at < 140 °F is identified as follows:

- 1) The flashpoint is caused solely by constituents of this product.
- 2) The flashpoint is caused by subsequent use and as a result of that used, is contaminated by physical or chemical impurities, which has not been mixed with any characteristic hazardous wastes.
- 3) This used oil stream does not have a flashpoint.

C. The Toxic Characteristics present are identified as follows:

- 1) The characteristics are caused solely by constituents of the used oil.
- 2) The characteristics are caused by subsequent use and as a result of that use is contaminated by physical and chemical impurities and has not been mixed with characteristic hazardous waste.
- 3) This used oil stream does not contain any hazardous characteristics.

Comments:

"I certify under penalty of law that this document and all attachments were prepared under my direction of supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties under section 3008 of the Resource Conservation and Recovery Act for submitting false information, including the possibility of fine and imprisonment for knowing violations."
